That would be a perfect way to go about it. Election integrity is paramount.

I've attached a tweet discussing her statements.

We are proposing cameras in our storage facility as part of our appropriation to the BET and RTM in October. I will see if my counterpart will agree on the ballot boxes as well. I believe the only one we need to specifically cover is the one outside of Town Hall, as there are already indoor cameras in Police Stations and Town Hall. If you have any reference to the SOTS suggesting this it would help me.

Ballot boxes are not under my jurisdiction. But I was going to propose using some grant money I received for this purpose. Do you think that would be a good idea?

Good morning,

Do we have security cameras around all of the boxes?

The Secretary of State in CT is now saying that each box should have a camera trained on it.

If each box doesn't have a camera, then how can we get that process rolling Asap?

Thank you,

There are three. They are for ABs so they are under Jackie's jurisdiction.

Hi Fred,

Good seeing you yesterday afternoon.

Question, how many ballot boxes exist in Greenwich? Including the one at Town Hall.

Thank you,
